GETTING STARTED

It's as easy as 1..2..3.

*Follow these steps for a seamless production process. For Music Theatre International musicals, **you can either order your resources from us, or through your licensing representative.***

1. License the show package

Firstly, thank you for considering this resource! Secondly, you won't regret it – we know that once you've made the switch to Scenic Projections, you won't look back. We provide our Scenic Projections in two versions "Standard" and "Pro" depending on your needs.

2. Customize and rehearse

Scenic Projections are uniquely aligned to your script: each image or video segment is tied to a specific cue line. This makes integration of digital scenery into your production incredibly simple. Customize with cue options to select the perfect scenery for your show.

3. Amaze your audience

Broadway Media provides a variety of resources and world class theatre experts transform your stage, increase production value and contribute to an unforgettable theatrical experience .

Essential digital projectors for integrating projections into live productions.

We've thrown out the rulebook and made hardware for digital scenery simple and affordable. Enjoy stunning, shadow-free production values with super-bright projectors that are made for the stage.

1. Determine optimal image size

Adjust projector placement depending on your unique stage requirements. The closer to the surface, the smaller the image.

2. Select necessary image brightness

Adjust stage lighting away from the projection surface to understand and select the appropriate projector brightness.

3. Add-on accessories

Resources available to adapt to all stage setups. Purchase individual hardware tools or select bundled accessory kits.
